

8x8 Virtual Office for G Suite

Optimize every moment of engagement

How often are calls with customers cut short because your service or sales reps can't find the relevant email the customer just sent or they can't quickly add a subject matter expert to the call?

8x8's out-of-the-box integration with G Suite instantly provides context specific to that caller including email, records from Salesforce for Salesforce users, and a one click to call capability to reach out to the subject matter expert.

The results? More intelligent and productive interactions between your employees and your customers.

Key Benefits

Enhanced Customer Experience

Auto-sorting and screen pops for relevant information as the call arrives keep the context during the communication delivering a frictionless experience.

Increased Productivity

The integration empowers the user to have all the information in one place enabling a first call resolution.

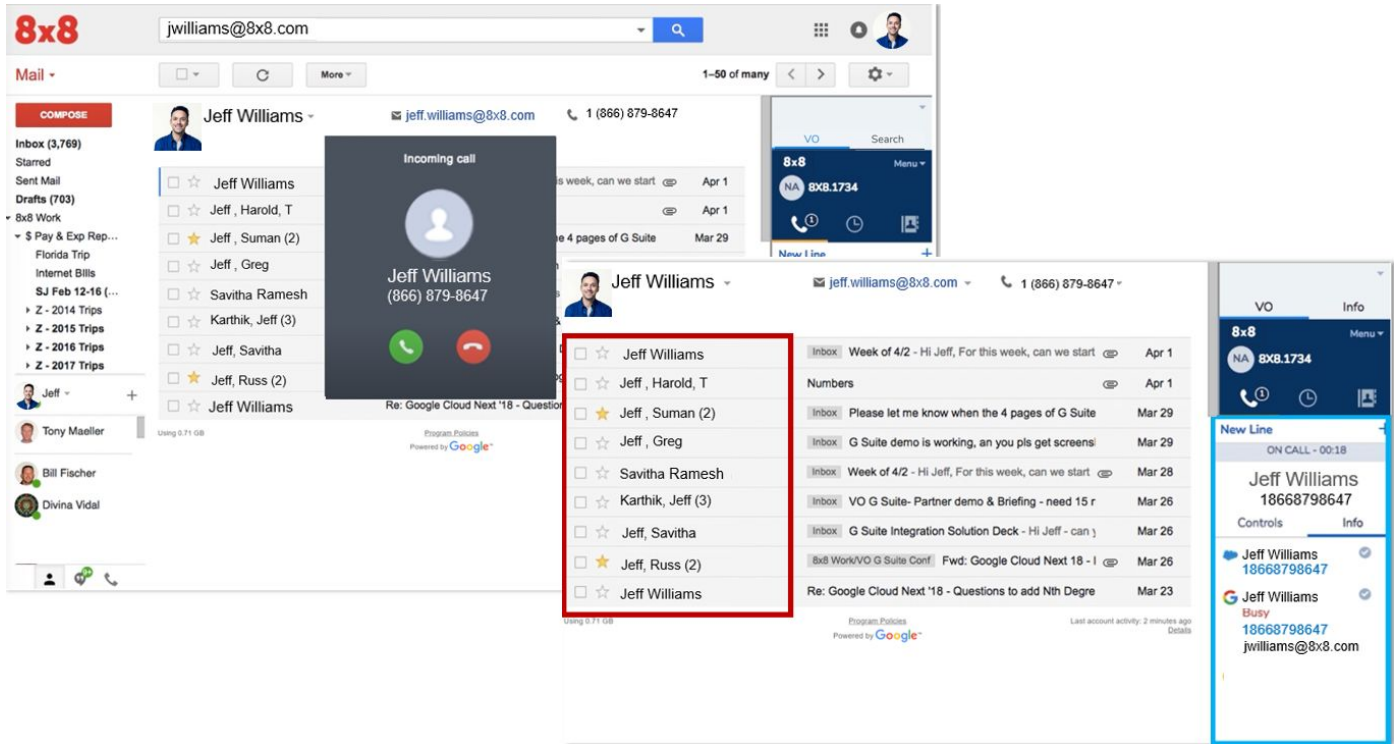

of customers feel valued by a company when their query is dealt with properly on the first call.¹
