8x8 Virtual Office for Salesforce

Click-to-dial from Salesforce

Dial directly from the single platform: manually from the dialpad, selecting from recent calls, or from contact directory.

Instant identification as the call arrives

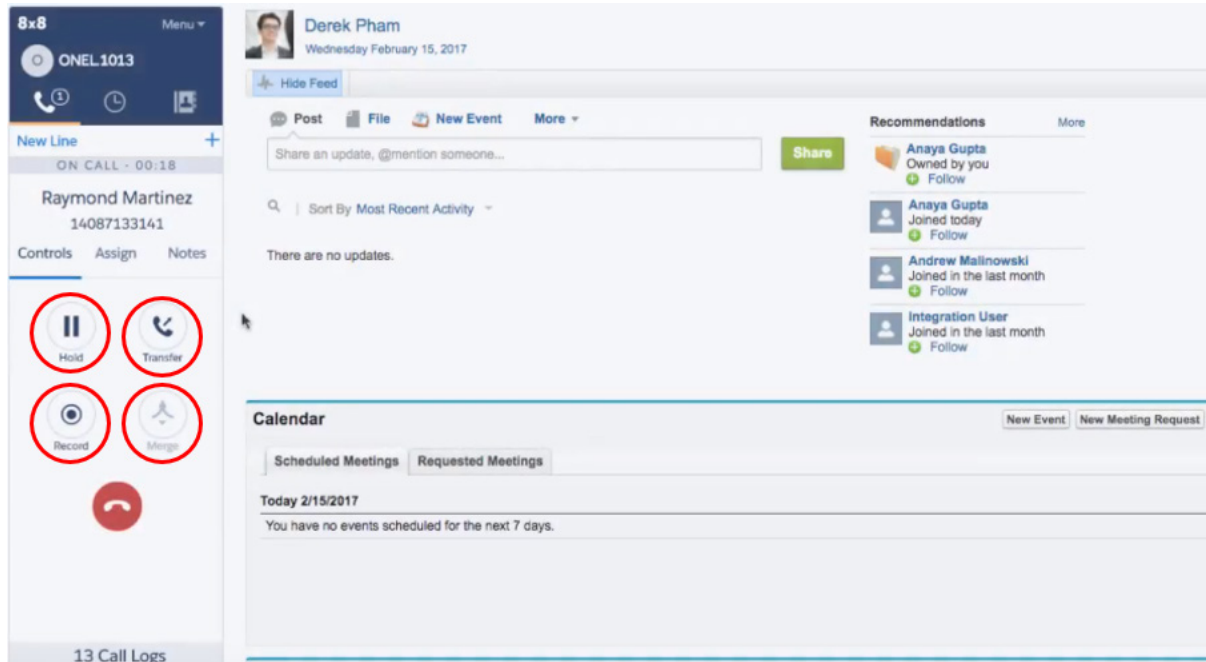

Screen pop with caller information helps the user to identify the caller and take desired actions like merge and transfer before picking the call.

8x8 Virtual Office for Salesforce

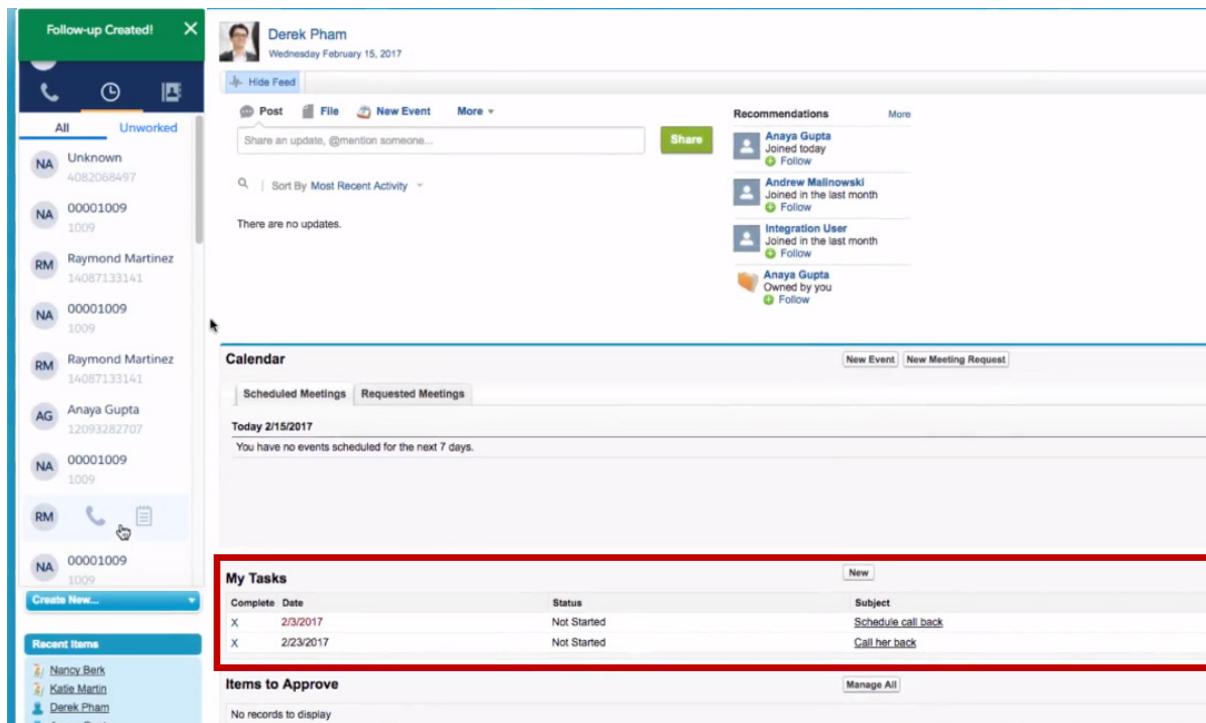

Easy call management

Record, merge, warm transfer, hold and resume calls right from the Salesforce interface.

Easy to organize call logs and follow-ups

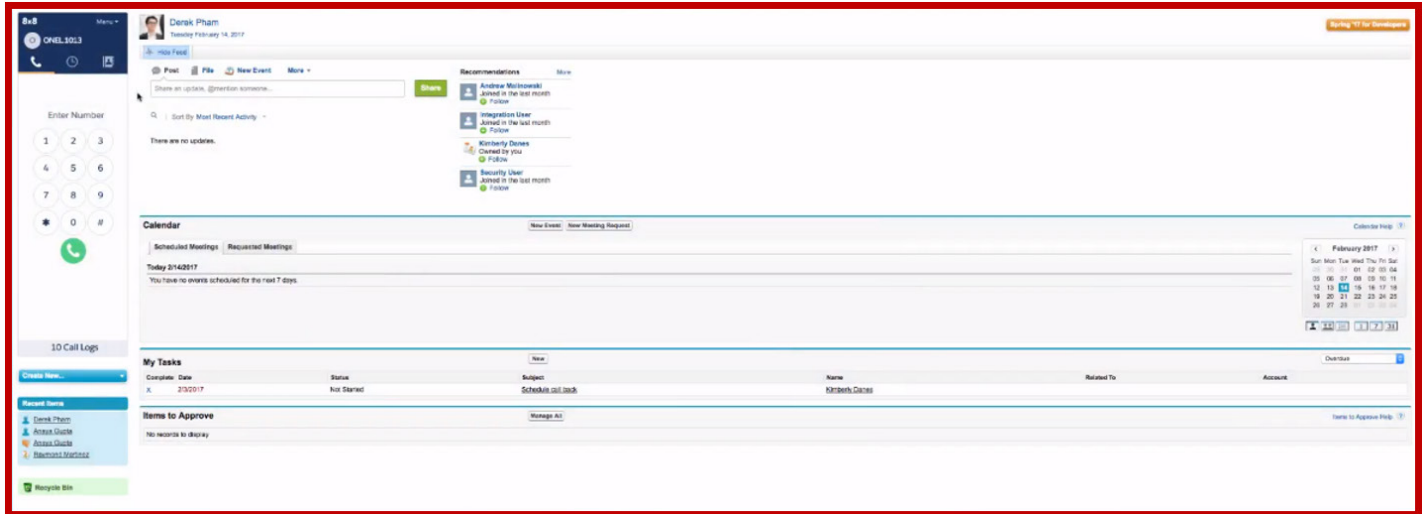

Call logs can help you keep the track of how a call went, what was discussed and whether or not it was successful. Additionally, follow-ups help you arrange the next step to speed up your workflow.

8x8 Virtual Office for Salesforce

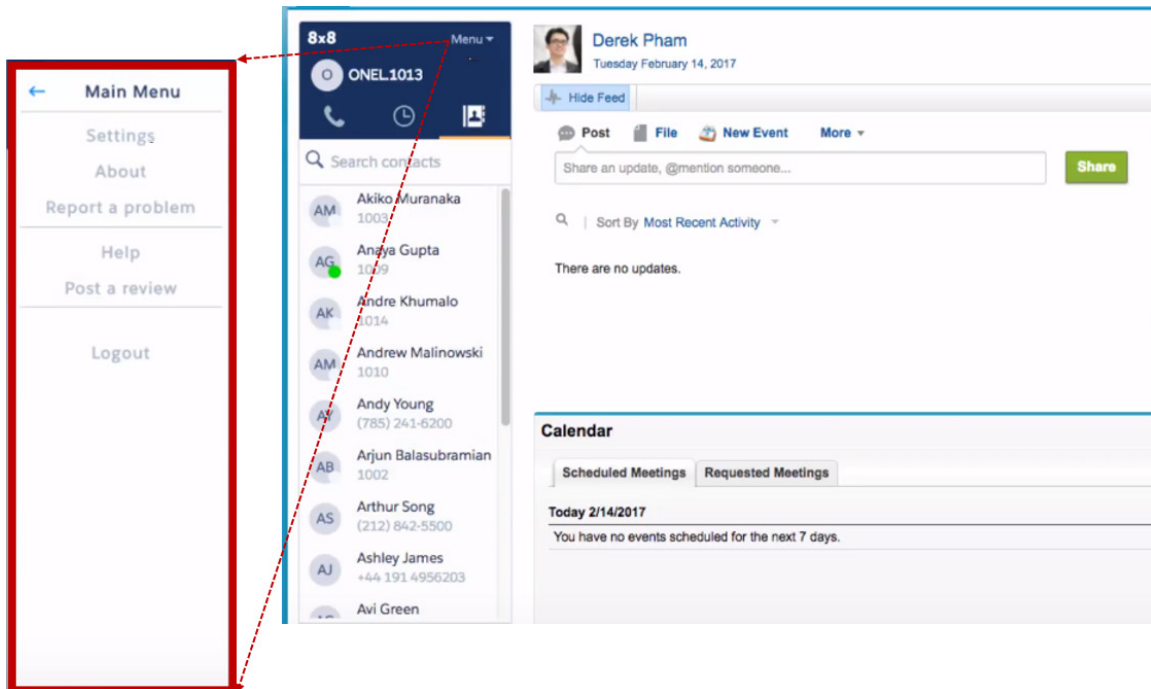

Single user interface for customer communication and relationship management

Integrate your 8x8 and Salesforce experience, making it easy to make calls and access information from a single location.

Personalize the experience

The drop-down menu gives the user access to settings, reporting problems, help documentation and more. Supervisors with special permissions can configure call team settings.
